# Metin Çakmak

SAP ABAP / UI5 - ME/MI Developer @ Avosano AG | Master's Degree

Romanshorn, Thurgau, Switzerland

## Summary

With over a decade of professional experience, my current role as a Web and ABAP Developer at Hirschmann Automotive GmbH has allowed me to hone my skills in ABAP-OO, ABAP, and SAP MII, building robust solutions for the automotive industry. Previously at 7Twenty GmbH, I developed a strong foundation in web and iOS development within the SAP ecosystem. Driven by the mission to deliver cutting-edge technology, my core competencies in UI5, ABAP AND SAP Manufacturing Integration and Intelligence (MI) have been instrumental in supporting the company's goals. We, at Hirschmann Automotive, value innovation and efficiency, and I am committed to leveraging my expertise to drive the organization forward with impactful and user-centric solutions.
